

## Bring your design dreams to the surface with Caesarstone

Your kitchen surface is the focal point of your home. You trust that it is of the highest quality craftsmanship and made with only the best materials available. Caesarstone consists of up to -90% quartz – one of nature’s strongest minerals – and combines beauty with outstanding performance, allowing you to bring your design imagination to life.

Founded in 1987, Caesarstone is the pioneer of engineered quartz surfaces. Its leadership position in the market is achieved through a continuous focus on research and development and technical investments. For three decades, Caesarstone has set new standards for innovation and craftsmanship and continues to set trends in the industry.

4735 Oxidian **NEW**

3101 Piatto Black **NEW**

5101 Empira Black **NEW**

### **5151 Empira White**

Soft, refined ebony veining traverses a pure white base, creating an interplay between color, movement and emotion. The uplifting surface is an interpretation of authentic Calacatta marble and its timeless, yet urban look. Reliable and versatile for either residential or hospitality settings, Empira White is inherently elegant. This reinvigorated classic for bars, counters and islands purveys sustainable style with guaranteed longevity.

### **4043 Primordia**

Primordia's cool grey complexion echoes the character of concrete, evoking the provenance of its contemporary feel. Composed across its light grey base, soft mineral accents in off-whites and greys combine with darker veils of grey and brown to reflect the oxidized rusts found in natural stone.

### **5810 Black Tempal**

A complex composition of dark grey mineral-like layers organically expands across a black charcoal base capturing the attributes of natural stones like travertine and slate. Inspired by the dark sky and ocean tides at night, Black Tempal is layered with emotion and depth as it echoes natural processes that occur over time.

### **4735 Oxidian**

An inky black base is veiled by a rust-like effect that captures the movement and texture of a handsomely oxidized surface. The elegantly dramatic design ushers in a metallic presence and welcomes the deep emotion found in shadowy blacks.

### **3101 Piatto Black**

The ultimate dark shade with a fine granular appearance is complemented by a textured finish, enhancing a deeper, more intimate black. Piatto Black brings dramatic modernism to a sophisticated urban restaurant or warm minimalism to a sleek city home.

### **5101 Empira Black**

A rich black base is beautified by fine natural white veins, bringing a depth to the surface while creating an interplay between color and movement. The inverse of its counterpart, Empira White, Empira Black is opulent and dramatic in one setting, yet can also suggest the modest beauty of nature through the organic veining and slight texture that discreetly traces its complex body.

# Metropolitan Collection

The Metropolitan Collection is crafted beauty reflective of the layers found in industrial art and architecture, highlighting dimensional surfaces and unpolished colors, and bringing texture to the surface.

These designs exemplify the authentic dimensions of manufacturing such as oxidized steel, poured plaster and raw concrete. The colors are inspired by factories and lofts that translate into residential and commercial interiors.

# Finish Descriptions

## Polished

An elegant and highly reflective surface that is smooth to the touch. Caesarstone's Polished finish emphasizes color and sets the tone for sophisticated spaces with its stunning luster. The sleek surface helps a room appear more spacious, adds luxury to interiors, and boasts remarkable style and endurance. Our standard finish is designed for life, requiring minimal care and maintenance.

## Honed\*

A satiny finish with low sheen and a natural, less formal aesthetic. Caesarstone's Honed finish exudes an organic appearance with its low light reflection, while retaining a stylish, authentic quality with high design appeal. Smooth to the touch, yet soft on the eye, our Honed finish is in perfect harmony with both classic and modern design approaches.

## Concrete\*

A lightly textured concrete complexion that adds a sensorial dimension to any space. Caesarstone's Concrete finish has a soft earthiness with low light reflection, similar to Honed but with a tactile effect. The surface evokes a natural feel that brings balance to a room, while delivering a classic industrial presence.

## Rough\*

This rich, complex, technologically advanced surface offers a compelling tactile effect, while still retaining a smooth profile that is inviting to touch. Caesarstone's Rough finish has a distinctive, coarser look with low light reflection, inspiring a modern industrial vibe.

Our Rough finish is designed to reflect the authentic patinas of industrial materials, the variations in appearance capture real depth and movement, revealing different qualities that make each slab distinct. Applications featuring multiple slabs will experience inherent visual differences.

## Natural\*

This slightly textured finish conjures up the emotional caress of stone; adding warmth to the grain so it's pleasing to the touch. A satin sheen that gently reflects light - captivating the viewer and enhancing the depth of a color, especially on darker shades. Our new Natural Finish combines the appeal of texture one can actually feel - with the practicality of the minimal care and maintenance synonymous with all Caesarstone products.

\* Please note that Honed, Concrete, Rough and Natural finishes require more frequent cleaning than our Polished finishes. Since there is a more exposed surface area with these finishes, metal marks, fingerprints and other signs of daily living might show on these finishes. Most of these marks can be removed with little effort and non-abrasive cleaning products such as Soft Scrub® Liquid Gel. **Caesarstone retains its beauty without sealants or waxes.**

Because of the unique properties, our photos and website images are not fully representative of the surface. When considering these finishes, please order a sample or view a full slab at a retail location.

# Edge Profiles

Your surface is not complete without an edge profile to complement your slab selection and space. With Caesarstone, selecting the best fit is easy. The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge profile design options.

Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. **All edge details should have a minimum 1/8" radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4" minimum radius is suggested.**

# Slab Size and Slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity. Beware of imitation slabs.

# Care and Maintenance

Its hard, nonporous surface makes Caesarstone simple to clean. In most cases, soap and water or a mild detergent is all that is required to maintain its luster. Please note that Caesarstone finishes other than polished may require increased daily maintenance due to their unique patterns and finishes. Since there is more exposed surface area with these finishes, metal marks, fingerprints and other signs of daily living will show on these materials.

# Surfaces That Go Beyond the Kitchen

Caesarstone surfaces are not just for kitchen countertops. They are popular for use around the fireplace, on featured walls and in the dining room to add a touch of style and sophistication.

The surfaces are ideal for furniture pieces like coffee tables and entertainment units, and they are perfect for wet areas, like bathrooms and wet bars, due to the nonporous nature of the material.

## Benefits

Caesarstone quartz surfaces are the ultimate combination of nature and technology. Nonporous, scratch resistant and highly resistant to stains, Caesarstone retains its beauty without sealants or waxes and is practically maintenance-free.

# Certifications

Caesarstone is committed to sustainability, quality and meeting health standards.

“

*Caesarstone earned the Good Housekeeping Seal through evaluation by our Research Testing Institute and was found to be a product that will deliver excellent results and performance. Earning the Seal by passing our engineering and consumer usage evaluations speaks volumes about the high regard Good Housekeeping holds for the Caesarstone product.”*

Caesarstone is the only quartz manufacturer that earned the respected Good Housekeeping Seal from Good Housekeeping Research Institute in addition to ISO 14001 (environmental management system), ISO 9002 (quality management standard), GREENGUARD certification, a member of USGBC (The U.S. Green Building Council) NSF (public health and safety) certification and HPD 2.1(Health Product Declaration).

This environmentally-responsible attitude extends from production to product, with several colors featuring recycled content.

Our mission is to preserve the planet by creating sustainable products. Caesarstone has also pioneered environmental and sustainability standards, such as recycling 97% of water used in manufacturing and collecting dust from shipping, handling, production, and processing.

## Designed for Life

## A Culture of Quality— Backed by a Lifetime Warranty

As a leader in our industry, we are committed to the highest quality of our products' technical characteristics, sustainability and certification, which allows us to offer you a Caesarstone Lifetime Warranty.

You can have peace of mind knowing that your Caesarstone is going to last even in high-traffic areas.

## Customer Service

When considering investing in a premium quartz surface, there is one thing you should know: The surface you choose is only as good as the company that stands behind it, especially when it comes to customer service.

Caesarstone USA, Inc. will warrant, from the original date of installation, material that fails due to any manufacturing defect when fabricated and installed by a Caesarstone Certified Fabricator.

At Caesarstone, we know that once the installation is complete, our job has just begun. Your satisfaction and service experience are very important; you can count on us.
